Tshwane North TVET College Athletes Shine at National Championships in Cape Town

Tshwane North TVET College continues to demonstrate excellence in both academic and extra-curricular activities, as student – athletes proudly showcased their talent and determination at the Cosassa National Athletics Championships held in Cape Town from 18 – 22 April 2026.

Nine (9) students from Tshwane North TVET College proudly represented Gauteng Province at the championship. Among the nine athletes, two students from the Soshanguve South Campus represented blind students in the para-athletes category, demonstrating outstanding determination and excellence.

The team made a remarkable contribution to Gauteng Province's success by winning a total of seven medals, including 2 Bronze, 1 Silver, and 4 Gold medals. Their achievements contributed significantly to the province's total of 15 Gold medals, helping Gauteng secure second place overall behind Western Cape, with 21 Gold medals.

The students delivered exceptional performances across various events:

Koketso Magolego - Bronze medal in the Senior Women's Discus.

Precious Ledwaba - Silver medal in the Junior Women's Discus.

Nkululeko Mabena - Gold in the Junior 4x100m Relay, Gold in Discus, and Bronze in Long Jump.

Hlayise Nthite - Gold in the Junior 3000m SC and Bronze in the 4x400m Relay.

The college congratulates all participating athletes for their dedication, discipline, and excellent representation of both the institution and Gauteng Province on a national stage.

Their achievements have brought pride to the institution and Gauteng Province while inspiring other students to pursue excellence in sport. Tshwane North TVET College remains committed to empowering students through education, sport, and personal development.

Vision

“To be a transformative hub of inclusive innovation and futurist skills development.”

Mission

“To empower diverse students with future-ready competencies, rooted in global knowledge and indigenous wisdom, to lead in a just and resilient economy.”

Values

- *Accountability*
- *Integrity*
- *Communication*
- *Transparency*
- *Agile Leadership*

Appreciation Note

Dear Principal,

I hope this email finds you well.

I have been meaning to write this email for some time because I believe that gratitude should never be left unspoken.

I would like to express my heartfelt appreciation to you and everyone who played a role in supporting me during my N5 studies at Tshwane North TVET College.

When I experienced challenges with my registration, I felt overwhelmed and uncertain. However, after reaching out, I was met with kindness, professionalism, and a genuine willingness to help. Your intervention and leadership gave me hope and reassurance that my concerns mattered and that I was not facing them alone. As a student, that meant more to me than words can express.

I would also like to express my sincere gratitude to **Mr. Consival Masithi**. From the moment my matter was referred to him, he assisted me promptly and with great professionalism. He not only resolved my registration concerns but also encouraged me to contact him should I need any further assistance. Later, when there were delays with my textbook and student portal access, he remained true to his word and continued to assist me without hesitation. His kindness, patience, and willingness to go the extra mile made a lasting impression on me, and I will always be grateful for the support he gave me.

Ms Malema thank you for your assistance.

It also brings me great joy to share that I have successfully passed my N5 and will now be continuing with my N6 studies. Reaching this milestone has reminded me that behind every student's success are people who quietly dedicate themselves to helping others succeed. I count myself fortunate to have experienced that support.

I would also like to express my deepest appreciation to my Information Processing lecturer, **Ms Netshitangani**. Her dedication to her students is truly remarkable. She taught with passion, patience, and excellence, always ensuring that we understood the work rather than simply memorising it. Her teaching methods made learning enjoyable, built my confidence, and contributed greatly to my success. She is an exceptional lecturer whose positive influence will remain with me long after I have completed my studies.

Principal, I also wish to acknowledge your leadership. I have come to realise that the strength of an institution is reflected in the people who serve within it. The professionalism, compassion, and commitment I experienced from your staff speak volumes about the culture of excellence that exists at Tshwane North TVET College. Your leadership has created an environment where students feel heard, supported, and encouraged to achieve their goals, and for that I am sincerely grateful.

Many people write emails when they have complaints or when they need assistance. I simply wanted to take the opportunity to write because I believe it is equally important to acknowledge kindness, dedication, and excellence. Too often, good work goes unnoticed, and I did not want my journey to end without expressing my sincere appreciation.

Thank you for the role you have played in my academic journey. Please accept my heartfelt appreciation. I am proud to be continuing my studies at Tshwane North TVET College, and I will carry the lessons, encouragement, and support I have received with me as I begin my N6 journey.

May you and your staff continue to inspire, guide, and uplift many more students for years to come.

With heartfelt gratitude,

Andisiwe Mnisi - Student

Pre-Incubation Programme Concludes with Successful Pitching Finals

The Centre for Entrepreneurship and Innovation at Tshwane North TVET College successfully hosted the Pre-Incubation Programme Pitching Finals on 11 June 2026 at Pretoria Campus.

A total of 18 participants from Pretoria, Temba, Rosslyn, Mamelodi and Soshanguve North campuses took part in the finals. During the programme, participants worked together in teams at their respective campuses to develop innovative business ideas and prepare business pitches.

The teams presented their business ideas to an adjudication panel made up of representatives from the City of Tshwane, The Innovation Hub and the National Business Initiative (NBI). The panel assessed the business ideas based on their innovation, feasibility and potential impact.

The event was attended by several entrepreneurship support organisations, including the National Youth Development Agency (NYDA), the Small Enterprise Development and Finance Agency (SEDFA), The Innovation Hub and the National Business Initiative. Representatives from these organisations shared information on entrepreneurship support programmes, funding opportunities, mentorship initiatives and business development services available to aspiring entrepreneurs.

The programme also featured a keynote address by Mr Paseka Lesolang, Founder and CEO of WHC Solutions. Mr Lesolang shared his entrepreneurial journey and encouraged participants to remain focused, work hard and take advantage of opportunities available to young entrepreneurs.

In addition, entrepreneurs who previously participated in the Centre's incubation and acceleration programmes shared their experiences of starting and growing their businesses. They motivated participants to remain committed to their entrepreneurial goals and to continue developing their business ideas.

Following the adjudication process, the top three teams were announced as follows:

1st Place: Brilliant Minds (Pretoria Campus) – Mobile Car Wash Business

2nd Place: Mobi Cleaning (Rosslyn Campus) – Mobile Cleaning Services

3rd Place: NNH Editech (Mamelodi Campus) – Online Marketing Business

As the overall winners, Brilliant Minds will receive a R5 000 technical support prize to assist with the growth and development of their business.

All participating teams will now advance to the Centre's five-month Incubation Programme, where they will receive further entrepreneurship training, mentorship, business development support and guidance to help them strengthen and grow their businesses.

The Pre-Incubation Programme continues to play an important role in empowering aspiring entrepreneurs, encouraging innovation and creating opportunities for students to turn their business ideas into sustainable enterprises.

The College successfully hosted its second Student Representative Council (SRC) Internal Training Programme on 13 and 14 June 2026, equipping student leaders with the knowledge and skills needed to effectively represent students while supporting the institution's strategic objectives.

The second SRC Training Programme served as an important platform for Student Representative Council (SRC) members to deepen their understanding of the college's institutional culture, governance structures, operational processes, and student support systems. Building on the foundation established during the first induction programme, this training focused on equipping student leaders with the knowledge and skills required to effectively represent students while working within the college's policies and structures.

The programme commenced with introductions of staff members and SRC representatives, creating an environment of collaboration and mutual respect. Throughout the two-day induction, the Student Liaison Officers (SLOs) provided valuable coordination and facilitation support, ensuring the effective delivery of the programme and seamless engagement between presenters and participants. Their dedication contributed significantly to the success of the training and reinforced the college's commitment to student development and leadership empowerment. This set the tone for discussions that highlighted the importance of teamwork, accountability, and shared responsibility in advancing student interests.

SRC Leadership Strengthened Through Internal Training Programme 13–14 June 2026

Presentations covered governance (Mr Martin Somo), the College's academic mandate and Occupational Programmes (Mr TC Masithi), financial governance and budgeting (Ms E. Selolo), communication and branding (Mr Frank Boikanyo), Work-Integrated Learning and partnerships (Mr Raymond Dladla), and Student Support Services (Mr T. Ngubane).

On the second day, College Principal Ms T. E. Tsibogo reinforced the College's vision, mission and legislative framework. Campus Representative Council Chairpersons and the Institutional SRC also presented their Programmes of Action, outlining initiatives that will address student priorities throughout the year.

The training concluded with a renewed commitment to strengthening student leadership, promoting good governance and fostering collaboration between students and the College. Equipped with a deeper understanding of institutional processes and support systems, SRC members are now better positioned to champion student success and contribute positively to the continued growth of the College.

SRC Leadership Internal Training

Martin Maluleke is a dedicated student leader and an Electrical Infrastructure and Construction student at Tshwane North TVET College. Born on 3 April 1998 in Ga-Sekgopo, Limpopo and raised in Soshanguve. Martin's journey reflects resilience, determination and a passion for serving others.

His educational journey began at Vukani Primary School, where he attended Grades 1 to 4, before moving to Motsekela Primary School, where he completed Grade 7. He then attended Thakgalang Junior Secondary School for Grades 8 and 9 and later completed his secondary education at Amogelang Secondary School. Today, he continues to pursue his studies at Tshwane North TVET College while serving in one of the institution's most important student leadership roles.

Martin currently serves as the President of the Student Representative Council (SRC) at Tshwane North TVET College. His leadership is centred on student welfare, effective communication and accountability. With interests in football and politics, he has developed a leadership style that values teamwork, advocacy and finding practical solutions to challenges faced by students.

He was elected by students who believed in his ability to represent their interests and address real issues affecting student life. His vision is to build a responsive SRC where every student's concern is heard, monitored and resolved efficiently. He is committed to strengthening communication between students, SRC structures and College management to ensure transparency and consistency.

For Martin, leadership is about creating systems that continue to benefit students long after his term of office has ended. He hopes to leave behind an SRC that functions effectively, with clear communication channels, efficient follow-up processes and strong collaboration between the SRC and Campus Representative Councils (CRCs). He believes that if future student leaders can resolve student concerns within 48 hours and maintain student trust in the process, that will be a meaningful legacy.

Martin draws inspiration from TVET College students who continue to pursue their studies despite challenges such as NSFAS delays, transport difficulties and financial pressures. Their determination motivates him to work harder and advocate for a student-centred environment where every student has an opportunity to succeed.

Coming from communities often affected by social and economic challenges, Martin understands the obstacles many students face. His personal experiences have shaped his commitment to practical leadership that focuses on solutions rather than promises. He believes leadership is not about status or recognition but about delivering results and ensuring that students receive the support they need to complete their studies successfully.

As SRC President, Martin sees himself as a bridge between students and management. His goal is to ensure that this bridge remains strong, accessible and effective, allowing student voices to be heard and meaningful change to take place. Through his leadership, he hopes to contribute to a College environment where students feel represented, supported and empowered to achieve their goals.

"Leadership is not about the position you hold; it is about the difference you make in the lives of others."

TSHWANE NORTH TVET COLLEGE EMPOWERS LEARNERS AT MAKGETSE SECONDARY SCHOOL

Tshwane North TVET College (TNC) continued its commitment to empowering young people through education and career development by hosting a series of outreach initiatives at Makgetse Secondary School in Hammanskraal during April and May 2026.

The first engagement took place on 17 April 2026, when TNC representatives visited the school to provide learners with valuable information about vocational education and training opportunities. The session aimed to equip learners with knowledge about the programmes offered at the college and encourage them to consider Technical and Vocational Education and Training (TVET) as a practical pathway after completing Grade 12.

During the outreach session, learners received a comprehensive overview of Tshwane North TVET College, including information about its campuses, facilities, and its commitment to equipping students with both theoretical knowledge and practical skills. Particular emphasis was placed on programmes in Engineering Studies, Business Studies, Information Technology, and Hospitality.

Representatives also guided learners through the college application process, explaining admission requirements, application deadlines, and the necessary supporting documentation. Learners actively participated in the session by asking questions about student life, available courses, career prospects, and financial assistance through the National Student Financial Aid Scheme (NSFAS).

Building on this initiative, Makgetse Secondary School hosted a vibrant Career Day on 22 May 2026, coordinated by Tshwane North TVET College's Career Advisory Ambassadors (CAAs) and Marketing Department. The event brought together various higher education institutions, including Gauteng City College and Rosebank College, to expose learners to a wide range of career pathways and educational opportunities.

The TNC team showcased programmes offered at the Temba Campus and highlighted the diverse learning opportunities available through TVET education. Learners gained valuable insights into course offerings, admission requirements, and career opportunities linked to skills development and industry demands

TSHWANE NORTH TVET COLLEGE EMPOWERS LEARNERS AT CAREER EXPO'S

TNC Celebrates Outstanding Achievements at the COSACSA National Arts & Culture Festival

TNC is proud to celebrate the remarkable achievements of our talented students who represented Gauteng Province at the COSACSA National Arts & Culture Festival held in Rustenburg from 19 –23 June 2026.

The COSACSA Festival is an annual national competition that brings together students from all provinces across South Africa to compete in various artistic and cultural categories. After excelling at the provincial level, our students from the Pretoria Campus earned the honour of representing Gauteng on the national stage.

The following students represented Gauteng in the visual arts categories:

- Kgatla Mahlatsi – Pencil Drawing (Female)
- Siyabulela Ramalivhana – Brush Painting (Male)
- Gafane Thato – Charcoal Drawing (Female)

In the Choral Sextet category, Gauteng was represented by:

- Kadiaka Confidence
- Kgofelo Karabo
- Mfisa Thabang
- Mofokeng Kgalalelo
- Moleele Katlego
- Montoedi Thabiso

Their exceptional talent, dedication, and hard work were rewarded with outstanding results at the national competition:

- **Kgatla Mahlatsi** won a *Silver Medal* in the Pencil Drawing category.
- **Siyabulela Ramalivhana** won a *Bronze Medal* in the Brush Painting category.
- The Choral Sextet achieved a *Silver Medal* in their category.

These accomplishments are a testament to the exceptional talent and commitment of our students, as well as the support and guidance provided by our lecturers and coaches.

TNC congratulates all participants for representing the institution and Gauteng Province with excellence. We are incredibly proud of your achievements and look forward to seeing your continued success in the arts and cultural sector

Making a Difference in the Community

On Wednesday, 17 June 2026, the College CAAs together with the Marketing Team, carried out a Social Responsibility Initiative at Phumzile Primary School in Soshanguve North. The initiative formed part of the CAAs logbook activities and was aimed at supporting learners while promoting dignity, confidence and personal hygiene.

During the outreach programme, sanitary pads were donated to female learners, while male learners receives toothbrushes and bathing cloths. The donation of sanitary pads was particularly important, as it will help ensure that no girl learner misses school due to a lack of sanitary products.

The initiative was warmly received by both learners and educators. Teachers expressed their appreciation for the thoughtful donations and commended the College CAAs and Marketing Team for their commitment to making a positive impact in the community.

The event was a great success and highlighted the importance of giving back to communities. Through this initiative, the College CAAs and Marketing Team demonstrated the values of compassion, social responsibility, and engagement while contributing to the well-being of young learners.

The team looks forward to continuing with similar initiatives that empower communities and bring positive change to the lives of learners.

Meet: Trevor Ngwenyama

Born on 16 June 2003 in Pretoria, Trevor Ngwenyama's story is one of resilience, determination and personal growth. With family from Hammanskraal, Trevor was raised by his late grandmother, Rebecca Ngwenyama and his mother, Rose Ngwenyama. His father, Thomas Gezani Bila, has always played an active role in his life, providing both emotional and financial support. Together, his family instilled in him the values of discipline, respect and hard work.

Trevor's leadership journey began at a young age. He attended Oost-Eind Laerskool, where he consistently performed well academically and earned the respect of both educators and fellow learners. In 2017, while in Grade 7, he was elected as the Academic Representative Class Leader (ARCL), a position he earned through his strong academic performance, respectful nature and ability to lead by example. Although he did not fully recognise his leadership potential at the time, the experience planted the seeds for his future leadership journey.

After completing primary school, Trevor attended Tshwane Secondary School for Grades 8 and 9 before transferring to Hillview High School, where he completed his secondary education. Like many young people, his path was not without challenges. He did not pass his matric examinations on his first attempt, but instead of giving up, he remained committed to achieving his educational goals.

Determined to improve his academic prospects, Trevor enrolled at Boston City Campus in 2023, where he completed a short learning programme. In 2024, he attended Mamelodi Adult Centre to rewrite his matric examinations. Through perseverance, dedication and hard work, he successfully passed and obtained admission at Higher Certificate level.

His determination to further his studies led him to Tshwane North TVET College in 2025, where he enrolled for the Financial Economics and Accounting (FEA) NC(V) programme. Trevor quickly distinguished himself through his commitment to academic excellence, achieving results that exceeded the requirements outlined in the Student Representative Council (SRC) Constitution.

His academic achievements and leadership qualities earned him the trust of his fellow students, who elected him as Secretary General of the Student Representative Council at Tshwane North TVET College. In this role, he is responsible for maintaining official records, preparing meeting minutes and reports, facilitating communication between students and College management and ensuring that student concerns are represented effectively.

Trevor is known for his honesty, humility, resilience and willingness to serve others. He believes that effective leadership is rooted in accountability, service and a genuine commitment to representing the interests of students. His vision is to contribute to a positive learning environment where students feel heard, respected and supported throughout their academic journey.

His story serves as an inspiration to many young people who may face setbacks along the way. Through determination, hard work and an unwavering belief in himself, Trevor transformed challenges into opportunities for growth. From being elected as a class leader in primary school to serving as Secretary General of the SRC, he continues to demonstrate that success is not determined by where you start, but by your willingness to keep moving forward.

"Success is not about how many times you fall, but about how many times you rise and continue pushing forward."

Breaking the Silence: Tshwane North TVET College Hosts GBVF and Mental Health Awareness Campaign

Tshwane North TVET College's Pretoria Campus hosted a successful Gender-Based Violence and Femicide (GBVF) and Mental Health Awareness Campaign on 13 May 2025. The event brought together students, support professionals and key stakeholders to address critical social issues affecting young people.

The campaign was organised by DC Academy in partnership with the South African Public Colleges Organisation (SAPCO) and funded by the Safety and Security Sector Education and Training Authority (SASSETA). The initiative formed part of ongoing efforts to create safer educational environments, promote emotional wellbeing and empower students with knowledge of available support services.

The successful implementation of the programme was made possible through the support of the College Principal, Ms Thembi Tsibogo, and the Student Support Services (SSS) Assistant Director, Mr TH Ngubane, whose commitment to student wellbeing contributed to the programme's success.

The event commenced with welcoming remarks by Mr A Motlhatlhedhi, Central Student Services Official, followed by an overview of the programme by Higher Health Campus Care Coordinator, Ms Bongiwe Dlamini. Facilitators from SAPCO and DC Academy led discussions on gender-based violence, femicide, mental health and available support structures.

Under the theme, "Break the Silence. End the Violence," students participated in meaningful discussions on the causes and impact of gender-based violence, healthy relationships, personal safety and the importance of supporting survivors. The programme also highlighted the importance of mental health awareness and encouraged students to seek support when facing emotional or psychological challenges.

The campaign attracted 136 students, demonstrating strong engagement and a willingness among young people to discuss sensitive issues affecting their lives and communities. Student participation was coordinated by Mr Raymond Ledwaba, Campus Student Liaison Officer from Student Support Services, whose efforts contributed to the smooth running of the event.

A key feature of the campaign was the provision of health and referral services through Higher Health and Zanempilo Community Health Care Centre. Services included:

- HIV testing
- STI screening
- TB screening
- Family planning services

A total of 71 students accessed these services during the event.

The success of the campaign was made possible through the collaboration of SASSETA, SAPCO, DC Academy, Higher Health, CETO, Zanempilo Community Health Care Centre, College Education Counsellors, Student Support Services and college staff.
